

Appointment Date: _____ **Time:** _____

LOCATION: Aultman Main Hospital: 2600 6th St. SW, Canton

DEPARTMENT: Aultman Endoscopy/Minor Surgery department on Main 2 (if your procedure is being done with moderate sedation) or Same Day Surgery (if your procedure is being done with anesthesia).

SUMMARY OF THE PROCEDURE: A bronchoscopy is an examination to view the inside of your trachea (windpipe) and lungs using a flexible scope. Sometimes a biopsy is done with the test, and sometimes the test is done under a constant X-ray called fluoroscopy. The procedure lasts approximately 30 minutes.

INSTRUCTIONS

One week before your procedure:

- Tell your doctor if you think you may be pregnant.
- Check with your doctor for specific instructions if you are taking aspirin, anti-inflammatory drugs, insulin or anticoagulants (blood thinners).
- Make sure you have arrangements to have someone with you who can drive you home after your procedure.

The evening before your procedure:

- Do not eat or drink **ANYTHING** after midnight, unless otherwise instructed by your doctor.

The day of your procedure:

- Please bring a complete list of all your medications including prescription and over-the-counter medications, herbal supplements and vitamins.
- Wear loose-fitting clothes that will be comfortable for you to wear home.
- Leave valuables such as cash, credit cards or jewelry at home.
- If reporting to the **Endoscopy/Minor Surgery department**, do so at least one hour before your scheduled procedure time. You will be escorted to the prep/recovery area, where you will change into a gown. Lockers are provided. Your family member/friend may wait for you in the waiting room.
- If reporting to the **Same Day Surgery department**, do so at least two hours before your scheduled procedure time. Your family member/friend may wait with you until you are taken to the OR receiving area, then they will be escorted to the waiting room.
- You will be asked to sign a consent form to allow the doctor to perform the procedure.
- The nurse will start an intravenous (IV) line to provide fluids and sedation.

During your procedure:

- You will lie on your back on a table in a darkened room.
- Medicine will be given through your IV line to relax you and keep you comfortable. Oxygen will also be administered.
- Prior to the procedure, your nose and the back of your throat may be numbed with a topical anesthetic to ease the passage of the scope.
- The scope will not interfere with your breathing. You may feel pressure in your throat, but you will likely not remember anything about the procedure because of the medicine given.
- Often a biopsy (a tiny piece of tissue) is taken for examination. This should not cause you discomfort.
- The test may be done with a constant X-ray called fluoroscopy.

After your procedure:

- You will be taken to the recovery room where you will stay for about an hour.
- You may have a slight sore throat and/or cough. You may cough up some blood-tinged sputum, and you may run a low-grade fever.
- The examining doctor will tell you what he/she found and send a report to your primary care provider.
- After your recovery, you will be discharged home. **YOU MUST HAVE SOMEONE DRIVE YOU HOME.**
- You should not plan to do anything that requires concentration or coordination for the rest of the day.
- Check with your doctor for specific instructions if you are taking aspirin, anti-inflammatory medicine or anticoagulants (blood thinners).
- Please call your doctor if you have chest pain, difficulty breathing, excessive bleeding (more than what your doctor told you to expect) or a temperature elevation of 101 degrees or greater.

LENGTH OF EXAM: Plan on spending about three hours at the hospital from start to finish if your exam is done in the Endoscopy/Minor Surgery department, and up to five hours if your exam is done in the Same Day Surgery department.

QUESTIONS PRIOR TO YOUR TEST

Call the Aultman Outpatient department 330-363-2511 weekdays between 8 a.m. – 2 p.m. for any questions about your test.

SCHEDULING AND REGISTRATION: Pre-registration is required for an accurate medical record and proper billing. Please call Aultman Centralized Scheduling at 330-363-

6318 between the hours of 8 a.m. and 4 p.m. to pre-register. If you have questions or need to reschedule your exam, please call the doctor who is performing the test.

HOSPITAL PARKING

It is best if you park on the 7th Street side of the hospital, either in the parking deck or in the 7th Street valet. Please note that whether you choose to park in the deck or with valet, your parking will be free since you are having a procedure with us.

DIRECTIONS TO THE DEPARTMENT

The Aultman **Endoscopy/Minor Surgery** department is located in the Main Hospital on the second floor. From the main hospital lobby, take the elevators to the second floor. When exiting the elevators, turn right, then immediately turn left. You will see a white sign hanging from the ceiling that reads “Outpatient Check-In.” Check in with the person at the desk or by touching the computer kiosk screen on the desk and following the prompts.

The Aultman **Same Day Surgery** department is located in the Main Hospital on the main floor right off of the lobby. When you enter through the 7th Street doors, make an immediate right and follow the “Same Day Surgery” signs. Check in with the person at the desk.
